

REMARKS

The amendments herein serve to correct the date of filing of a priority application, and to correct an error in the translation of the present application. Applicants believe that neither amendment creates new matter. Indeed, the Filing Receipt of the present application has already been corrected to state the correct priority date, and the translation error is apparent when the paragraph containing the error is read in view of the preceding chemical drawings.

It is believed that no fees are required by entry of this paper, however, the Commissioner is authorized to charge any necessary fee, or to credit any overpayment in fees, to Deposit Account 50-0320.

Respectfully submitted,
